

# ADVISORY BOARD INTRODUCTION

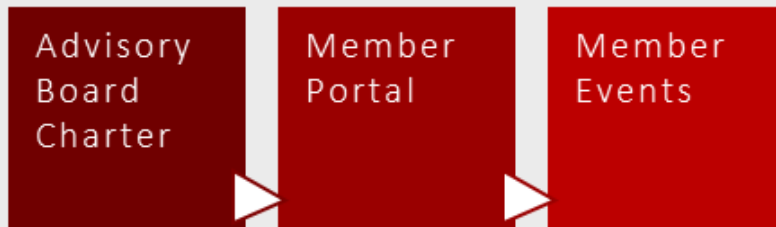

## Description

The VigiTrust Global Advisory Board brings together Board Members, CEOs, CxOS, regulators, enforcement bodies, researchers, and other key stakeholders in the security & compliance industry. It is a non-commercial networking platform, operating under Chatham House Rules, that allows members and guests to exchange ideas about the direction in which the industry is moving in terms of innovation, upcoming laws and standards, case studies, and research work. The Global Advisory Board has been in place since 2011, with 150+ full members and 300+ guests from all over the world.
